PROFESSIONAL & RESEARCH EXPERIENCE

New York Bay Capital | New York | *Incoming Investment Banking Intern*

Fall 2026

Brokerbotics | Charlottesville, VA | *Software Engineering Intern*

Jul 2026 – Present

- Supported development of an AI-powered investment research platform for iOS, testing functionality across local and production environments and integrating mobile features
- Diagnosed and resolved iOS authentication and networking issues across Xcode, Auth0, frontend, and backend environments
- Implemented automated GitHub Actions workflow for iOS/TestFlight deployment to streamline application testing

Barnard Laidlaw Scholars Leadership & Research Program | New York, NY | *Laidlaw Scholar*

May 2026 – Present

- Constructed a 13-year panel of 36 states and 91 banks to analyze how RBI interest-rate changes transmit through banks, credit markets, and housing lending in India to conduct macroeconomics research on monetary policy transmission
- Applied fixed-effect panel regressions and heterogeneity analysis in Stata across states, banks, and policy regimes
- Identified a 1.9% decline in housing credit per 1% increase in the policy rate, with statistically significant transmission concentrated among less financially developed states

Union Bank of India (UBI) | Mumbai, India | *Banking & Economics Research Intern*

Jun 2025 – Aug 2025

- Conducted research on monetary policy transmission and credit markets under the Chief Economic Advisor of India's 5th largest public sector bank, analyzing how interest rate changes affect commercial bank lending rates and credit growth
- Analyzed 20+ years of macroeconomic indicators such as policy rate, interest rates, liquidity, and GDP figures
- Wrote research paper with conclusions credited in published bank macroeconomics report

Waterfield Advisors | Mumbai, India | *Finance Research Intern*

Mar 2024 – Apr 2024

- Analyzed and compared 5 international funds using Morningstar and Bloomberg, evaluating performance, portfolio composition, and risk to support recommendations for a global client presentation
- Conducted secondary research on 10 Portfolio Management Services (PMS) and synthesized findings for the Investment Team
- Updated firm's monthly Deployment Planner on Excel, used to guide fund allocation based on individual client requirements

LEADERSHIP & ON-CAMPUS INVOLVEMENT

Economics Dept., Barnard College | New York, NY | *Research Assistant*

Jan 2026 – Present

- Cleaned and assembled school-level chronic absenteeism data spanning 40+ U.S. states, ~7.5M observations, from 2013-2024
- Developed Stata workflows to merge state-level datasets, normalize inconsistent demographic subgroups, and diagnose missing, suppressed, and duplicate observations

Dept. of Computer Science, Columbia University | New York, NY | *Teaching Assistant*

Jan 2026 – Present

- Selected to return for a second semester as a Teaching Assistant for COMS 1004 Intro to Comp Sci/Programming in Java
- Supported a class of 255 students of by holding weekly office hours and teaching foundational computer science concepts
- Graded 100+ students' assignments every week based on sorts, arrays, generics, recursion, inheritance, and algorithms
